ACADEMIC INFORMATION AND REGULATIONS

Dalton State College is a unit of the University System of Georgia and is governed by the policies of the Board of Regents of the University System. As a part of the System, it enjoys the reputation of the academic standards which have been established within the System, and graduates of this institution will have no difficulty in transferring appropriate credits to other colleges and universities. Dalton State College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, 1866 Southern Lane, Decatur, Georgia 30033-4097, to award the Associate and Bachelor's degrees.

Dalton State College operates on the semester system, with each of the academic year semesters extending over a period of approximately sixteen weeks. Courses may be scheduled as A Session courses, which are taught over the full length of a semester, or as B or C Session courses, taught during the first or second half of the semester, respectively.

The basic unit of credit at Dalton State College is the semester hour. This unit normally represents one hour of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week over the course of a 15-week semester. The number of semester hours of credit awarded for a course is specified in the course description.

Classification of Students

Students are classified as freshmen, sophomores, juniors, or seniors. At the beginning of each term, those with credit for fewer than thirty semester hours are classified as freshmen; with thirty to fifty-nine hours, as sophomores; with sixty to eighty-nine hours, as juniors; with ninety or more hours as seniors.

Students are considered full-time if they register for twelve or more semester credit hours; part-time, for fewer.

Class Load

A normal load consists of fifteen to eighteen credit hours per semester. A student regularly employed outside of college twenty hours or more per week should enroll for twelve or fewer semester hours of academic work. The College reserves the right to limit the class load of students who have received below-average grades.

Students may receive permission from the Vice President for Academic Affairs to enroll for more than the normal load if they were placed on the Dean’s List at the end of their last semester of enrollment, if they have a cumulative average above 3.0 on eighteen or more hours completed at Dalton State College, or if they are in their last semester of enrollment before graduation.

Transient Status

Transient permission must be secured from the Registrar prior to enrollment at another institution in order to receive credit for coursework earned.

Class Schedule

The courses required for most degree and certificate programs are available during day, afternoon, evening, and Saturday class periods. However, some are scheduled only during day or evening class periods. Courses may also be offered in traditional, online, or hybrid formats. Information about the scheduling of specific courses may be obtained from the academic advisors, the Office of Enrollment Services, or the Office of Academic Affairs.

Registration

All students register for each term during announced registration periods. A student is regularly registered for a course only when all College requirements governing registration for the course have been met. Students not properly registered may not receive credit for courses completed. Any exception to this regulation must be approved by the Vice President for Academic Affairs.

Orientation

Every student is expected to attend an orientation session prior to the start of his or her first term at Dalton State College. This session will provide detailed information regarding academic programs, student services, and registration procedures.

Dropping or Changing Classes

No changes in schedule are official or effective until a signed Schedule Adjustment Form is turned in to the Office of Enrollment Services.

Additions to class schedules are not permitted after the first three days of the term. If a course is officially dropped by the published drop date, the student will receive a “W.” If a student drops a course without official approval or after the published drop date, a grade of “WF” is recorded. If a student ceases to attend a course without officially dropping, a grade of “F” is recorded.

The official and effective date of any change in schedule is that on which the change is initiated.

Students receiving financial aid should be aware that for financial aid purposes enrollment status is determined at the end of the drop/add period at the beginning of an A Session. A student receiving financial aid may owe money back to a financial aid program if his or her enrollment status changes after that point in time, as, for example, when a student drops a course, or a course is canceled and a 100% tuition refund is made.

Withdrawal From College

To withdraw from all current classes, students must obtain a Dalton State College Schedule Adjustment Form which must be signed by authorized personnel in the Office of Enrollment Services. Withdrawal past the official drop date for the term is permitted only in cases of extreme, non-academic hardship which prevents the student from completing the semester. To receive consideration for a non-academic hardship, a student must provide full documentation of the hardship, wherever possible including corroborative evidence originating from an official or authoritative source. All requests for hardship withdrawal must be initiated by the student no later than the last day of the term in which the courses were taken. Hardship withdrawals typically require that the student withdraw from all courses not yet completed at the time the request is initiated. An example where an exception will be considered for a withdrawal from only a portion of the student’s schedule would be in a situation where a work shift change still allowed the student to continue to attend some classes. Grades received in courses that may have been completed earlier in the semester or in online only courses shall stand as earned. The hardship “W” must be recommended by the
instructor(s) of the course(s) for which the student is enrolled, endorsed by the department chair(s) and/or dean(s) involved, and approved by the Vice President for Academic Affairs. Withdrawal from Dalton State College is effective on the date that the withdrawal is initiated.

**Class Attendance**

Students are expected to attend all scheduled class sessions. These may include field trips, seminars, and individual conferences as well as lectures and laboratory sessions. The attendance policy for each course will be explained by the instructor at the beginning of each term. Absences may result in a grade reduction.

**Grade Changes and Appeals**

The assignment of grades and symbols is the responsibility of the instructor. Any change in an assigned grade or symbol must be
recommended by the instructor who assigned the original grade or symbol and be approved by the Vice President for Academic Affairs.

1. Basis for Grade Changes

A final course grade may be changed only if there is unequivocal evidence that one or more of the following applies:

a. It was a direct result of arbitrary and capricious conduct on the part of the instructor;

b. The instructor discriminated against the student on the basis of a protected classification as the term is defined by Federal Law, Georgia State Law, or the Administrative Code of the City of Dalton;

c. The grade was incorrectly calculated;

d. A clerical error occurred in recording the grade; or

e. A mitigating circumstance prevented the student from completing a final assignment or attending the final examination. In such cases, a grade may be changed to either a "W" or "I" pursuant to the rules governing these grades.

2. Initial Challenge of Grade and Appeal

A student may file a formal challenge to a grade on any of the grounds set forth in subsections a. through e. of Section 1 above. The student must present positive, detailed, and specific evidence in support of his/her claim.

# The student must notify the instructor in writing no later than two days after the grade has been posted. The instructor must confer with the student and notify the student in writing whether he/she will change the grade by the end of regular registration of the upcoming term. In the event Dalton State College, no longer employs the instructor, a student’s challenge shall commence with the chair/assistant dean. In such cases, the student must notify the chair/assistant dean and all rights and responsibilities otherwise assumed by the instructor will be assumed by the chair/assistant dean.

# If the instructor or chair/assistant dean, acting in place of the instructor, agrees to change the grade based on the appeal, the instructor or chair/assistant dean shall send a Change of Grade Form, with the appropriate documentation, to the Office of Academic Affairs.

# If the instructor declines to change the grade, or has not met the deadline, the student may appeal to the chair/assistant dean, and the chair/assistant dean will meet with the instructor and the student and attempt to mediate the appeal by the first day of classes. Where the chair/assistant dean has attempted but failed to mediate the appeal within that time period, the chair/assistant dean shall notify the student immediately and promptly send a written report regarding the mediation to the instructor and the student.

# If after the chair/assistant dean attempted mediation, the student remains dissatisfied with the decision, the student may submit the appeal in writing to the Dean’s office within two days, with copies to the instructor and the chair/assistant dean.

# Where the chair has not taken steps to mediate the appeal within the allotted time, or where the chair has acted in place of the instructor and has declined to change the grade, the student may appeal the grade directly to the dean.

# The dean shall convene a meeting of the ad hoc Grade Appeals Committee as soon as possible to resolve the issue within two weeks of receiving the grade appeal letter. The committee’s decision is made on the day of the meeting and communicated verbally to the student, followed by a written confirmation of the decision by the VPAA or a designee.

Grade Appeals Procedure

3. Program Progression

Each student challenging or appealing a grade may be allowed to continue with his or her program of study until a final decision is made on the appeal, depending upon the policy of the program. This policy may vary among Schools, and the student is directed to the School handbook for further information.

4. Grade Appeals Committee

The committee shall consist of a) the Provost and Vice President for Academic Affairs (VPAA) or designee; b) the Dean of the School involved in the appeal who shall chair the meeting; c) the Vice President for Student Affairs or designee—a non-voting member of the committee; d) three faculty members: two from any of the School’s other departments that are not directly involved with the appeal and one faculty member from another school; and e) one student representative within the School but not in the program. In the School of Education, the two faculty members selected should not currently be teaching the student appealing the grade, and the one student representative from within the School should not be in the same block as the student who is appealing the grade. The committee shall be deemed to have a quorum when the dean (or designee), the VPAA (or designee), the Vice President for Student Affairs (or designee), and two additional committee members convene to review a grade appeal.

5. Meetings of the Grade Appeals Committee

The Grade Appeals Committee meeting shall be convened by the dean as needed. The committee shall invite the instructor and student to the meeting and consider any evidence which the student, the instructor, or the committee deems relevant. Should the student or instructor or chair/assistant dean, if the instructor is no longer employed by Dalton State College, not be available or decline to meet with the committee, the committee may determine cases on the basis of the submitted written arguments and supporting documents alone. Throughout the process, the respondent shall have the right to use an advisor of his or her choosing, and at his or her own expense, for the express purpose of providing advice and counsel. An advisor can be, but is not limited to, a parent, fellow student, faculty member, coach, or attorney. The advisor may be present during meetings and proceedings at which his or her advisee is present. The advisor may advise his or her advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions of the advisee, but shall not participate directly. The institution shall not permit family members of a party from attending if the party requests such attendance in addition to another advisor; however, the College may limit each participant to two (2) family members. Delays will not be allowed due to scheduling conflicts of advisors or family members. Every effort will be made to keep the committee’s investigation confidential.

6. Report and Determination of the Grade Appeals Committee

The committee will vote after its deliberation, and a final decision will be made by simple majority. In case of a tie, the decision will be determined
by the VPAA. The Office of the VPAA will issue the committee’s decision in writing to the student and instructor and provide copies to the chair and the academic dean. If the committee determines that the grade should be changed, a copy of that determination will be forwarded to the Office of Academic Affairs, which will direct the Registrar to effect the grade change. The decision of the Grade Appeals Committee may be appealed to the President of the College.

7. Written Signature of the Instructor Required for Other Grade Changes

Other than specified in this policy, no grade maybe changed by the Registrar without the instructor’s signature on a Change of Grade form, provided, however, that when the chair/assistant dean acts in place of the instructor and decides to change the student’s grade, the signature of the chair/assistant dean shall be sufficient.

Grade Reports
At the midpoint and at the end of each term, a full report of courses taken and grades and symbols earned during the term is posted on Banner Web. Students may access their grades with a student identification number and PIN. Grades are not mailed to students. Students are encouraged to consult with individual instructors to determine their progress at any time during the term.

Academic Renewal
The academic renewal policy allows University System of Georgia degree-seeking students who have experienced academic difficulty to make a fresh start and have one final opportunity to earn an associate or bachelor’s degree. Former students may apply only if they have not been enrolled (not on dismissal) at any higher education institution in the previous three years and if they have successfully completed all learning support requirements prior to the commencement of the three-year period of absence. The granting of academic renewal does not supersede financial aid policies regarding satisfactory academic progress. Students must apply for academic renewal within the first year of re-enrollment. Contact the Office of Enrollment Services for more information and to request an application for academic renewal.

Policy on Release of Student Information
Students in the University System of Georgia have the right to the assurance that their academic records, compiled and maintained by a unit within the System, will be recorded accurately and retained in confidence. Dalton State College follows the policy of the University System of Georgia on release of student information. A complete copy of this information is on file in the Office of Enrollment Services and is available for viewing by the student and authorized faculty.

Regents’ GPA/Cumulative Average
The Regents’ GPA is computed by dividing the total number of quality points earned at by the total number of academic semester hours attempted in which a grade of A, B, C, D, F, or WF has been received. This average is used for determining eligibility for special honors and is the average that appears on the student’s permanent record. All institutional credit hours and grades are excluded from the cumulative average. Learning Support courses, FYES 1000, and Regents’ Skills courses carry institutional credit.

Institutional GPA/Graduation Average
The institutional GPA is computed by dividing the total number of quality points earned at Dalton State College by the total number of academic
semester hours attempted in which a grade of A, B, C, D, F, or WF has been received. If a student repeats a course, only the most recent attempt will be figured in the institutional GPA calculation. The institutional GPA is used to determine a student’s academic progress (probation, suspension, and exclusion) and for graduation. Students are expected to achieve an institutional GPA of 2.0 or higher for graduation. Students should understand that most institutions use the cumulative average, which includes all hours attempted and all grades earned, in determining the eligibility for transfer admission.

**HOPE GPA**

For purposes of calculating HOPE Scholarship eligibility, the total number of quality points earned at every higher education institution attended since high school graduation is divided by the total number of academic semester hours attempted at all institutions in which a grade of A, B, C, D, F, or WF, has been received. Grades of K, V, S, U, I, IP, WM and WU are excluded from the GPA calculation.

**Academic Honors**

The Dean’s List, published at the end of each term, includes the names of students who earn a grade point average of 3.5 or greater and receive no grade of WF or U during a term in which they are enrolled for 12 or more semester hours of academic credit.

**Graduation with Honors**

Students who achieve superior academic averages on all coursework completed at Dalton State College and who complete all requirements for graduation receive diplomas or certificates inscribed with honor designations.

Students completing all requirements of the Dalton State College Honors Program will receive additional special designation on their diplomas.

**Academic Progress**

Dalton State College seeks to provide ample opportunities for all students to fully realize their academic potential and goals. In turn, all students are expected to demonstrate reasonable academic progress by maintaining minimum institutional grade point averages. (Institutional grade point averages do not include “institutional credit” hours and grades.)

**Academic Probation:**

When a student fails to maintain a sufficient Grade Point Average, the student’s status changes from Good Standing to Academic Probation. Students who do not bring their cumulative institutional GPA up to a 2.00 or higher will be continued on Probation if the institutional GPA for that semester (Term GPA) is not 2.00 or higher. Students will receive notification of their Academic Probation via a letter from the Office of Academic Affairs. Students on Academic Probation may register through their academic advisor for the semester following notification of placement on Academic Probation. A student petition is not required.

**Academic Suspension:**

A student who fails to maintain the required 2.00 cumulative institutional Grade Point Average after having been placed on Academic Probation and does not achieve an institutional GPA of 2.00 or higher for that semester (Term GPA) will be suspended from the College. Students will receive notification of their Academic Suspension via a letter from the Office of Academic Affairs.

*Students enrolled in certificate programs requiring less than 45 hours must earn a GPA of 2.0 in order to graduate. All students enrolled in baccalaureate programs must maintain a minimum GPA of 2.0.*

The advance registration of any student placed on academic suspension is canceled and all prepaid fees refunded if the student is not officially readmitted to the College.

To initiate an appeal of an academic suspension, the student must submit a written request to the Vice President for Academic Affairs. The letter should explain the reasons for the student’s previous poor academic performance and why the student believes future performance will improve. The letter must also include:

1. the name of the student’s advisor (who will chair the Re-admissions Committee),
2. the name of one other faculty member to serve on the Committee, and
3. the student’s day-time telephone number, address, and student identification number. The Vice President for Academic Affairs will appoint a third member of the Committee.

All appeals should be submitted as soon as possible after the notification of suspension. Appeals for readmission for a semester will not be accepted after the published date of regular registration for that semester.

All suspended students who are readmitted are on academic probation until such time as their institutional grade point average reaches the required minimum level. A student who fails to meet the conditions of readmission is ineligible to appeal for a second readmission for a period of one semester. A student who fails to meet the conditions of a second readmission is placed on Indefinite Suspension and is ineligible to appeal for readmission for a period of twelve months. Credit earned at other institutions or by correspondence while a student is on suspension from Dalton State College will not be applied toward a Dalton State College degree or certificate or used to improve the grade point average.

CAAP Assessment of Institutional Effectiveness

Prior to graduation from Dalton State College, students will take the Collegiate Assessment of Academic Proficiency (CAAP) exam that will permit the institution to assess its effectiveness in delivering and improving educational programs. The scores will be kept confidential and will not prevent a student from graduating.

Application for Graduation

All candidates for degrees and certificates must submit an application for graduation to the Enrollment Services Office, by the published due date, for the term in which they anticipate completing graduation requirements. According to the repeat grade policy, if a course is repeated, only the most recent attempt will count toward graduation requirements.

Students who fail to apply by the graduation application deadline may forfeit the chance to adjust any errors or omissions made in their programs and may not be certified for graduation.

Students may satisfy the curricular requirements for a degree or certificate by completing the program of study listed in the catalog in effect during their initial enrollment in the College or they may complete their program of study under the catalog in effect at the time of their graduation. However, a student will be required to satisfy the curricular requirements of the catalog in effect at the time when they:

- change programs of study;
- are required to complete a course for which a prerequisite has been established since the student’s initial enrollment, in which case the prerequisite must be fulfilled;
- re-enter the College after one calendar year in which they earned no academic credit at Dalton State College;
- have not graduated by the time their entering catalog edition is 10 years old. However, if a major has been deactivated students have one year to complete a certificate from the time the major is deactivated and two years to complete a deactivated associate degree major from the time of deactivation.
Graduation is held twice a year, at the end of the Fall and Spring Terms. Diplomas and certificates are awarded at these exercises. Students who complete graduation requirements at the end of Summer and Fall Terms will be awarded the appropriate diplomas or certificates at the Fall graduation exercises. Students completing graduation requirements at the end of Spring Term will be awarded diplomas and certificates at the Spring graduation exercises.

All students who complete requirements for degrees or certificates are encouraged to participate in the graduation exercises. Graduates who do not attend the exercises may obtain their diplomas or certificates later from the Office of Enrollment Services.

**Graduation Requirements for Transfer Students**

Students transferring to Dalton State College will be evaluated by the same standards of academic progress applied to native students. In order to graduate, a transfer student must have both a minimum graduation grade point average of 2.00 on all Dalton State College courses used to complete graduation requirements and a cumulative minimum graduation grade point average of 2.00 for all courses (both Dalton State College courses and transfer courses) used to complete graduation requirements.

**Cooperative Education Program (Co-op)**

The mission of the Cooperative Education Program at Dalton State College is to provide a structured process of education through partnerships with business, industry, and government which provides students with professional work experience related to an academic field of study.

To be admitted to the Cooperative Education Program, the student must have completed 15 hours of 1000-level or above coursework with a minimum grade point average of 2.75 in his/her major, be in good academic standing with the college and have exited all learning support courses; present three letters of recommendation, and complete a panel interview. Acceptance into the Co-op Program does not guarantee placement with an employer.

The Cooperative Education experience will appear on the academic transcript. In addition, students who complete all requirements of the Cooperative Education Program will receive a Co-op Certificate upon graduation. Students in a technical certificate program must work a minimum of one work rotation to receive the Co-op Certificate upon graduation. Students in an A.A., A.S., or A.A.S. degree program must work two rotations to receive a Co-op Certificate upon graduation. Students in a Bachelor's degree program must work three rotations to receive a Co-op Certificate upon graduation.

The two types of work rotations in the Cooperative Education Programs are:

**Alternating**

Students alternate between one semester of full-time (40 hours per week) work experience and one semester of full-time academic study. Students must receive permission from the Co-op Coordinator to work a back-to-back work rotation such as fall semester and spring semester. In some cases, students may be permitted to take up to six hours of coursework while working full time, with the permission of the academic advisor and Co-op Coordinator. Students will enroll in a sequence of Co-op courses:

**Academic Advising**

Academic advisors are assigned to each School and are responsible for advising all new students to Dalton State College. The advisor, provides many students’ first contact with the College after acceptance to Dalton State. In addition to course selection and registration, advisors help students adjust to the College experience by explaining College expectations and policies, checking the students’ academic progress, and referring them to available resources. When students have exited all required learning support classes and completed a designated number of credit hours, which varies by degree program, they are moved to faculty advisors in their majors.

**Mission Statement**

Academic advising at Dalton State College is an ongoing, individualized communication process between academic advisors and students, designed to provide students with guidance regarding programs of study, resources available, and degree completion requirements. When needed or solicited by students, academic advisors will also assume a mentoring role to enable and encourage students to examine their career goals, match those goals with strengths and abilities, and ensure appropriate program and course selections to achieve their goals.

To achieve these ends, both advisors and advisees have certain responsibilities.

Academic advisors should:

- be reasonably accessible and punctually meet appointments with students
- communicate academic concerns and enable and encourage students to examine their strengths and weaknesses as they relate to life/educational goals
- encourage students to make the most of their college experience
- be pleasant and supportive
• provide accurate, appropriate, and up-to-date information

Advisees should:

• become familiar with the course-of-study requirements, reviewing the catalog, course descriptions, course prerequisites, previous sequencing of course offerings, and schedule of classes prior to meeting with the advisor
• come prepared to advising/registration sessions with a tentative schedule of classes and, if possible, an alternate schedule
• seek out the advisor for academic assistance and guidance and communicate academic concerns
• make use of campus resources if undecided about a major
• accept responsibility for their academic goals
• learn to use BANNER and DEGREEWORKS and take advantage of pre-registration
• be aware of drop/add/withdrawal policies
• initiate graduation procedures
• see school and department administrative assistants to change advisors/majors prior to registration
• make the most of their college experience by taking advantage of campus resources (labs, library, tutoring, recreational facilities)
• update personal information at the records office
• meet appointments punctually as scheduled
• have reasonable expectations
• be courteous and flexible
