ACADEMIC INFORMATION AND REGULATIONS

Dalton State College (DSC) is a unit of the University System of Georgia (USG) and is governed by the policies of the Board of Regents of the University System. DSC adheres to the academic standards set by the USG, and students of DSC have no difficulty transferring credits to other colleges and universities in the system. Dalton State College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, 1866 Southern Lane, Decatur, Georgia 30033-4097, to award associate and bachelor's degrees.

Dalton State College operates on the semester system, with each of the academic year semesters extending over a period of approximately sixteen weeks. The basic unit of credit at Dalton State College is the semester hour. This unit normally represents one hour of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week over the course of a 15-week semester. The number of semester hours of credit awarded for a course is specified in the course description.

ACADEMIC ADVISING

Academic advisors are assigned to each student as they begin their studies at Dalton State College. In addition to course selection and registration, advisors help students adjust to the College experience by explaining College expectations and policies, checking the students’ academic progress, and referring them to available resources.

In most degree programs, once students have exited all required learning support classes and completed a designated number of credit hours, they are assigned to faculty advisors in their majors. Faculty advisors will continue to assist with students’ academic plan with a greater focus on mentoring and specific career paths. In other degree programs, a self-contained model is used, and the advising continues through the advising center.

Recognizing that advising is a shared responsibility, the mission of Academic Advising at Dalton State is to:

- Assist students in make a successful transition to and establish their place in college life.
- Guide student to make well-intentioned and strategic decisions.
- Encourage self-reliant problem solving through self-exploration.
- Maximize personal success in the student’s undergraduate experience.

ACADEMIC HONORS

The Dean’s List, published at the end of each semester, includes the names of students who are in good standing and earn a grade point average of 3.5 or above for 12 or more semester hours of completed course work. Please note that learning support courses are not included in the GPA calculations for the semester.

ACADEMIC PROGRESS

Academic Warning: When a student’s Institutional or current term GPA drops below 2.0, the student’s status is automatically changed from Good Standing to Academic Warning. Students with Academic Warning status are permitted full enrollment privileges but are encouraged to take lighter course loads and to retake classes in their program of study that will improve their Institutional GPA. Students may remain in Academic Warning as long as their previous term’s GPA is at least 2.0; however, students who are in exceptional academic difficulty (term GPA below 1.0) will have their status changed from Good Standing to Academic Probation.

Academic Probation: Students in Academic Warning status who do not earn a 2.0 or higher term grade point average will have their status changed to Academic Probation. As stated above, students who are in exceptional academic difficulty (term GPA below 1.0) will have their status changed from Good Standing to Academic Probation. Students with Academic Probation status cannot enroll for more than 9 credit hours or take classes using non-traditional course delivery methods (e.g., hybrid or online) unless they have previously been successful with these delivery modes. In addition to retaking classes in their program of study that will improve their Institutional GPA, students must be registered by their academic advisor. Previously registered students will need to have schedule adjustments made. Students may remain in Academic Probation as long as their previous term’s GPA is at least 2.0. Students will be reinstated to Good Standing when they achieve an Institutional GPA of 2.0 or greater.

Academic Suspension: Students in Academic Probation status who do not earn a 2.0 or higher GPA in their most recent semester of enrollment will have their status changed to Academic Suspension. Students on Academic Suspension cannot enroll for the subsequent Fall or Spring semester. To initiate an appeal of an academic suspension, the student must complete an Academic Suspension Appeal Form. Click here to access the form. The Office of Academic Affairs will review the appeal and email the student with a decision.

Academic Dismissal: Upon readmission to the College, the student will be subject to the requirements of Academic Probation status. If the student does not earn a 2.0 or higher term GPA, the student will be placed on Academic Dismissal. The student cannot enroll for one calendar year. The student will need to be readmitted through the Admissions office.

Once readmitted to the College, the student will be subject to the requirements of Academic Probation status. If the student does not earn a 2.0 or greater term GPA, the student will be dismissed again. These students cannot enroll for two calendar years unless they have earned an associate degree from an accredited institution.

ACADEMIC RENEWAL

The academic renewal policy allows University System of Georgia degree-seeking students who have experienced academic difficulty to make a fresh start and have one final opportunity to earn an associate or bachelor’s degree. Former students may apply for academic renewal under the following circumstances:

- They have not been enrolled (not on dismissal) at any higher education institution in the past three years.
- They completed all learning support requirements prior to the three years of absence.

The granting of academic renewal does not supersede financial aid policies regarding satisfactory academic progress. Students must apply for academic renewal within the first year of re-enrollment. Contact the Office of Enrollment Services for more information and to request an application for academic renewal.
APPLICATION FOR GRADUATION

All candidates for degrees and certificates must submit an application for graduation to the Enrollment Services Office, by the published due date, for the term in which they anticipate completing graduation requirements. According to the repeat grade policy, if a course is repeated, only the most recent attempt will count toward graduation requirements.

Students who fail to apply by the graduation application deadline may forfeit the chance to adjust any errors or omissions made in their programs and may not be eligible for graduation.

Students may satisfy the curricular requirements for a degree or certificate by completing the program of study listed in the catalog in effect during their initial enrollment in the College, or they may complete their program of study under the catalog in effect at the time of their graduation. However, a student will be required to satisfy the curricular requirements of the catalog in effect at the time when they:

• change programs of study;
• are required to complete a course for which a prerequisite has been established since the student’s initial enrollment, in which case the prerequisite must be fulfilled;
• re-enter the College after one calendar year in which they earned no academic credit at Dalton State College;
• have not graduated by the time their entering catalog edition is 10 years old. However, if a major has been deactivated students have one year to complete a course from the catalog in effect at the time the major is deactivated and two years to complete a deactivated associate degree major from the time of deactivation.

Graduation is held twice a year, at the end of the Fall and Spring Terms. Diplomas and certificates are awarded at these exercises. Students who complete graduation requirements at the end of Summer and Fall Terms will be awarded the appropriate diplomas or certificates at the Fall graduation exercises. Students completing graduation requirements at the end of Spring Term will be awarded diplomas and certificates at the Spring graduation exercises.

All students who complete requirements for degrees or certificates are encouraged to participate in the graduation exercises. Graduates who do not attend the exercises may obtain their diplomas or certificates later from the Office of Enrollment Services.

CLASS ATTENDANCE

Students are expected to attend all scheduled class sessions. These may include field trips, seminars, and individual conferences, as well as lectures and laboratory sessions. The instructor will explain the attendance policy at the beginning of each class and print it in the class syllabi. Absences may result in a grade reduction.

CLASS LOAD

An average load for a full-time student consists of 15-18 credit hours per semester. The College reserves the right to limit the class load of students who have received below-average grades (see Academic Progress).

Students may receive permission from the Provost and Vice President for Academic Affairs to enroll for more than the average load if they have a cumulative average above 3.0, or if they are in their last semester of enrollment before graduation.

CLASS SCHEDULE

The courses required for most degree and certificate programs are available during day, afternoon, and evening. However, some are scheduled only during day or only evening class periods. Courses may also be offered in traditional, online, or hybrid formats. Information about the scheduling of specific courses may be obtained from the academic advisors, the Office of Enrollment Services, or the Office of Academic Affairs.

CLASSIFICATION OF STUDENTS

Students are classified as freshmen, sophomores, juniors, or seniors. At the beginning of each term, those with credit for fewer than 30 semester hours are classified as freshmen; with 30-59 hours, as sophomores; with 60-89 hours, as juniors; with 90 or more hours as seniors.

Students are considered full-time if they register for 12 or more semester credit hours; students who enroll in fewer than 12 semester hours are considered part-time.

DROPPING OR CHANGING CLASSES

No changes in schedule are official or in effect until a signed Schedule Adjustment Form (https://www.daltonstate.edu/skins/userfiles/files/Schedule%20Adjustment%20Form.pdf) is submitted to the Office of Enrollment Services. Additions to class schedules are not permitted after the first two days of the semester without the instructor’s signature.

If a course is officially dropped by the published drop date, the student will receive a “W.” If a student drops a course without official approval or after the published drop date, a grade of “WF” is recorded. If a student ceases to attend a course without officially dropping, a grade of “F” is recorded.

Students receiving financial aid should be aware that enrollment status is determined at the end of the drop/add period at the beginning of each semester. A student receiving financial aid may owe money back to a financial aid program if his or her enrollment status changes after the drop/add period.

GRADS AND SYMBOLS

The following grades are approved by the University System for use by Dalton State College in the determination of the grade point average. **GRADE CHANGES AND APPEALS**

The assignment of grades and symbols is the responsibility of the instructor. Any change in an assigned grade or symbol must be recommended by the instructor who assigned the original grade or symbol and be approved by the Dean, and Provost and Vice President for Academic Affairs. A final course grade may be changed only if there is unequivocal evidence that one or more of the following applies:

- It was a direct result of arbitrary and capricious conduct on the part of the instructor.
- The instructor discriminated against the student on the basis of a protected classification as the term is defined by Federal Law, Georgia State Law, or the Administrative Code of the City of Dalton.
- The grade was incorrectly calculated, or a clerical error occurred in recording the grade.
- A mitigating circumstance prevented the student from completing a final assignment or attending the final examination.

A student may file a formal challenge to a grade on any of the grounds listed above. The student must present positive, detailed, and specific evidence in support of his or her claim.

- The student must notify the instructor in writing no later than three days after the deadline for posting grades. The instructor must confer with the student and inform the student in writing whether he or she will change the grade within five days of receiving the student's notification. In the event Dalton State College no longer employs the instructor a student must notify the instructor's department chair or dean if the school does not have department chairs.
- If the instructor declines to change the grade or has not met the deadline, the student may appeal to the instructor's department chair or dean if the school does not have department chairs. The department chair (or dean) will meet with the instructor and the student to mediate the appeal. The department chair or dean must notify the student with a decision, in writing, no later than one day after the mediation.
- If the student is dissatisfied with the department chair or dean's decision, he or she may submit the appeal with appropriate documentation to the Provost and Vice President for Academic Affairs.
- The Provost/VPAA or designee shall convene a meeting of an ad hoc Grade Appeals Committee as soon as possible to resolve the issue within two weeks of receiving the grade appeal. The committee's decision is made on the day of the meeting and communicated verbally to the student, followed by a written confirmation of the decision.

A student appealing a grade may be allowed to continue with his or her program of study until a final decision is made on the appeal depending upon the policy of the program. This policy may vary among schools, and the student is directed to the school's handbook for further information.

**Grade Appeals Committee**

The ad hoc grade appeal committee shall consist of the following individuals:
• Provost and Vice President for Academic Affairs (VPAA) or designee.
• Dean of the school involved in the appeal.
• Vice President for Student Affairs and Enrollment Management or designee (non-voting member of the committee).
• Three faculty members: two from any of the school’s other departments that are not directly involved with the appeal and one faculty member from another school.
• One student representative within the school but not in the program.

Note: In the School of Education, the two faculty members selected should not currently be teaching the student appealing the grade, and the one student representative from within the school should not be in the same block as the student who is appealing the grade.

The committee shall be deemed to have a quorum when the Provost and Vice President (or designee), the Dean, the Vice President for Student Affairs and Enrollment Services (or designee), and two additional committee members convene to review a grade appeal.

Meeting of the Grade Appeals Committee

The Grade Appeals Committee meeting shall be convened by the Provost and VPAA as needed. The committee shall invite the instructor and student to the meeting and consider any evidence which the student, the instructor, or the committee deems relevant. Should the student decline to meet with the committee, the committee may determine cases based on the submitted written arguments and supporting documents alone.

The student shall have the right to use an advisor of his or her choosing (at his or her own expense) for advice and counsel. An advisor can be, but is not limited to, a parent, fellow student, faculty member, coach, or attorney. The advisor may be present during meetings and proceedings at which his or her advisee is present. The advisor may advise his or her advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions of the advisee, but shall not participate directly.

The institution shall not prohibit family members of a party from attending if the party requests such attendance in addition to another advisor; however, the College may limit each participant to two family members. Delays will not be allowed due to scheduling conflicts of advisors or family members. Every effort will be made to keep the committee's investigation confidential.

The committee will vote after its deliberation, and a final decision will be made by simple majority. In case of a tie, the decision will be determined by the Provost and VPAA. The Office of the VPAA will issue the committee's decision in writing to the student and instructor and provide copies to the chair and the dean. If the committee determines that the grade should be changed, a Grade Change Form will be sent from the Office of the VPAA to the Registrar to process the grade change. The decision of the Grade Appeals Committee may be appealed to the President of the College.

**HOPE GPA**

For purposes of calculating HOPE Scholarship eligibility, the total number of quality points earned at every higher education institution attended since high school graduation is divided by the total number of academic semester hours attempted at all institutions in which a grade of A, B, C, D, F, or WF has been received. Grades of K, V, S, U, I, IP, WM and WU are excluded from the GPA calculation.

**INSTITUTIONAL GPA/GRADUATION AVERAGE**

The institutional GPA is computed by dividing the total number of quality points earned at Dalton State College by the total number of academic semester hours attempted in which a grade of A, B, C, D, F, or WF has been received. If a student repeats a course, only the most recent attempt will be figured in the institutional GPA calculation. The institutional GPA is used to determine a student’s academic progress (probation, suspension, and exclusion) and for graduation. Students are expected to achieve an institutional GPA of 2.0 or higher for graduation. Students should understand that most institutions use the cumulative average, which includes all hours attempted and all grades earned, in determining the eligibility for transfer admission.

**ORIENTATION**

Every student is expected to attend an orientation session prior to the start of his or her first term at Dalton State College. This session will provide detailed information regarding academic programs, student services, and registration procedures.

**POLICY ON RELEASE OF STUDENT INFORMATION**

Students in the University System of Georgia have the right to the assurance that their academic records, compiled and maintained by a unit within the System, will be recorded accurately and retained in confidence. Dalton State College follows the policy of the University System of Georgia on release of student information. A complete copy of this information is on file in the Office of Enrollment Services and is available for viewing by the student and authorized faculty.

**REGENTS’ GPA/CUMULATIVE AVERAGE**

The Regents’ GPA is computed by dividing the total number of quality points earned at by the total number of academic semester hours attempted in which a grade of A, B, C, D, F, or WF has been received. This average is used for determining eligibility for special honors and is the average that appears on the student’s permanent record. All “institutional credit” hours and grades are excluded from the cumulative average. Learning Support courses and Regents’ Skills courses carry institutional credit.

**REGISTRATION**

All students register for each term during announced registration periods. A student is regularly registered for a course only when all College requirements governing registration for the course have been met. Students not properly registered may not receive credit for courses completed. Any exception to this regulation must be approved by the Provost and Vice President for Academic Affairs.

**SECOND OR SUBSEQUENT DEGREES AND CERTIFICATES**

Any student applying for a second or subsequent associate degree or certificate must complete eighteen (18) semester hours of academic credit with a grade of C or 2.0 or better earned at Dalton State College, excluding credit-by-examination, which have not been applied to the requirements of a previous degree or certificate. Students applying for a second bachelor’s degree must complete an additional thirty-six (36) hours of upper-level credit with a grade of C or higher earned at Dalton
State College, excluding credit-by-examination, which have not been applied to the requirements of a previous degree. The eighteen (18) and thirty-six (36) hours constitute a “residence requirement” and may be taken on the main campus or at any extended campus site of Dalton State College.

**WITHDRAWAL FROM COLLEGE**

To withdraw from all current classes, students must obtain a Dalton State College Schedule Adjustment Form which must be signed by authorized personnel in the Office of Enrollment Services. Withdrawal past the official drop date for the term is permitted only in cases of extreme, non-academic hardship which prevents the student from completing the semester. To receive consideration for a non-academic hardship, a student must provide full documentation of the hardship, wherever possible including corroborative evidence originating from an official or authoritative source. All requests for hardship withdrawals must be initiated by the student by completing the form online. Guidelines and online form may be found here. An example where an exception will be considered for a withdrawal from only a portion of the student’s schedule would be in a situation where a work shift change still allowed the student to continue to attend some classes. Grades received in courses that may have been completed earlier in the semester or in online only courses shall stand as earned. Withdrawal from Dalton State College is effective on the date that the withdrawal is initiated.
