MARKETING FOR NON-BUSINESS MAJORS

The Marketing Minor for Non-Business Majors introduces students to marketing principles and practices within the business environment. Students of any major learn the basics of marketing channels, factors influencing consumer’s choice of products and services, and understanding retail marketing and professional selling. Minors will have knowledge of customers, products, pricing, promotions, and distribution as they master marketing principles and the latest social media marketing trends.

Some business courses available as electives may require prerequisites beyond what a student is required to take for the minor. Therefore, we encourage students choosing this minor to speak with the WSOB academic advisor prior to course selection and registration. Contact bizadvisor@daltonstate.edu email.
