**First Aid Procedures**

The following procedures are recommended in case of any accident or emergency situation relating to health on the campus of Dalton State College. In case of minor cuts, scratches, etc., first aid kits are located in all campus buildings. In case of an accident of a more serious nature, faculty, staff, and students are requested to:

1. Not move the patient.
2. Immediately notify the Department of Public Safety at 706-272-4461 or phone 911.

The Public Safety Officer(s) will make a determination of the best course of action regarding the patient’s health and safety. An appropriate accident/incident report must be completed and filed with the Department of Public Safety for record keeping and verification. Students requiring medical attention must defray their own expense. It is recommended that each faculty member at the beginning of each term offer students a chance to inform the faculty member, or Disabilities Access and Student Support Services in confidence, of any medical problem such as seizures, for example, that may affect the student in class.

**Children on Campus Policy**

Child care facilities are not available on campus. The institution is not responsible for children. Children must not be left unsupervised on campus. Children are not permitted to accompany students to classes, laboratories, seminars, etc.

In patrols of the buildings, if unattended minor children are found in the hallways or campus grounds, a Public Safety Officer will complete the following:

1. Have the child assist them in locating the parent.
2. Officers will interrupt the class in a professional manner and request the parent to step out of the classroom. The parent will be instructed to take immediate care and control of their child. Officer will complete a Miscellaneous Incident Report titled Unattended Child.
3. In situations where the parent is not attending class, and is not in the immediate area, Officers may be required to bring the child to the Public Safety Office until the parent can be located. Appropriate reports will be completed per the Officer’s determination.
4. Children may be on campus accompanied by their parents for short, infrequent visits. However, children may not remain with the parents for extended periods of time as they may interfere with the performance of the employee/student and may compromise the safety of the children. Should this instance occur, the parent will be instructed to take the children home.

**ROADRUNNER ALERT**

Roadrunner Alert is Dalton State College’s emergency notification system. It allows College officials to send critical information to the campus community through the use of text messages, voice messages, and emails. Dalton State College urges all students, faculty and staff to update their emergency contact information in the Roadrunner Portal so that Roadrunner Alerts are sent to correct number or addresses.

https://www.daltonstate.edu/about/alert.cms

**SEVERE WEATHER INFORMATION**

Use your best judgment when driving or when outside during severe weather. All buildings on campus have designated ‘weather safe’ areas on the lowest level of each building which can be utilized during a tornado warning or during high winds. A Roadrunner Alert will be issued when dangerous conditions exist.
Please update your personal information in Banner and sign up for the Roadrunner Alert emergency notification system to receive critical campus information. In the event of a delay or closing, students should contact their professor(s) immediately.
